

# LETTER IDENTIFICATION PACK - BOARD GAME

## DESCRIPTION

This resource includes different versions of the same board game. Ls are encouraged to identify letters by naming them as they move around the board. The resource fosters letter recognition and oral recall in a low-pressure, playful context. The game format supports motivation, attention, and turn-taking. This pack can be used in whole- and small-group instruction, and is specifically designed for Ls who need additional, repeated exposure to the alphabet.

## KEY FEATURES

- Four different versions. Two with capital and small letters in order and two with capital and small letters mixed.
- Both colored and black-and-white options for preferred printing.
- Can be used to recall letter sounds as well.

## PRINTING DETAILS

Before printing, set your printer to A4. The resource can be laminated and reused with different groups of Ls. You will need counters or other small items as counters (e.g., tiny erasers, small toy ducks, etc.) and one dice.
